

Master Series

Peace of mind.
Peace and **quiet.**

Gliderol's Master Series

For the ultimate designer experience, Gliderol's Master Series garage doors are the crowning jewel to any home.

With a range of styles and finishes available, it's never been easier to completely customise your garage door to perfectly reflect your own personal style, while adding the final touch of luxury to the frontage of your home.

More than just a garage door, the Master Series enhances the modern, designer appeal of your home, and is sure to become it's most talked about feature. Make your home the envy of your street by contacting Gliderol about a Master Series door today.

The Sovereign

Multi Sectional Design

The classic lines of the Sovereign adds character to most homes. As standard, this door design has four vertical sections, and the number of horizontal sections varies to suit the height of your

garage opening. With a range of materials and colour options to choose from, the Sovereign design is highly customisable with many combinations of panel inserts available.

Aluminium powder coated frame with honeycomb panel inserts

Aluminium powder coated frame with combination aluminium timber look slats and dark tint polycarbonate inserts

Aluminium powder coated frame with composite panel inserts

Dark aluminium composite panels

The Baron

Single Mid-Split Design

The Baron is a sleek and modern design that is well suited to contemporary homes.

This style of door features one vertical division through the mid-point of the door panels.

The most popular Baron style features composite panels fixed to the front of the frame, creating a smooth exterior finish.

Combination aluminium timber look slats with tinted polycarbonate insert panels

Light aluminium composite panels

The Regent

Horizontal Panel Design

The Regent features long, sleek horizontal panels with no vertical breaks. Creating a simple, long-line effect, this design adds elegance and class to almost any style of home.

The Regent suits simple panel combinations, making the design of the door the key feature.

Aluminium timber look slats with silver aluminium strips

Aluminium frame with mini-orb inserts

Aluminium timber look slats with honeycomb feature panel

The Royal

Single Side Feature Panel Design

The Royal is a modern design that suits a range of contemporary homes with the added feature of either a right-hand or left-hand vertical break.

The Royal can be customised to suit any combination of panel inserts while maintaining a stylish design.

Aluminium timber look frame with combination composite panels and clear polycarbonate inserts

Aluminium frame with mini-orb inserts

Light aluminium composite panels

The Sultan

Double Sided Feature Panel Design

The Sultan design suits both classic and modern homes. As standard, this design features two vertical breaks on either side of the door, and the number of horizontal sections is designed to suits the height of your garage opening.

A popular Sultan design features the insert panels sitting within the aluminium frame, making it easy to customise the combination of panel inserts from a range of materials and colour options.

Aluminium frame with honeycomb inserts

Aluminium timber look frame with honeycomb inserts

Light aluminium composite panels

The Caesar

Three Sectional Design

The Caesar is a sharp, modern design well suited to all contemporary homes. Three even, vertical sections, with the number of horizontal sections designed to suit the height of your garage opening is the standard option.

While the Caesar design looks equally as impressive in all insert options, the most popular style features composite panels fixed to the outer frame, creating a smooth exterior finish.

Customising your door.

Your Ideas Brought To Life

No matter the look and style, the Gliderol Master Series provides a range of material options and colours to perfectly compliment your home.

Whether it's the finish, the texture, or the colour, Gliderol's Master Series allows you to customise your garage door to suit your own personal style. From a sleek, smooth finish to suit ultra modern, contemporary homes, to a door that colour matches perfectly to already existing features, adding extra character to an already impressive home.

Designing your own garage door is an experience that will add value and luxury to your home. Don't settle for less when the possibilities are endless!

Select your **door material.**

Choose from a range of materials and colours to create your own designer garage door.

Composite panel

Double-sided flat panel consisting of two thin aluminium sheets bonded to a low density polyethylene mineral-filled core.

Available in a range of colour options.

Honeycomb Panel

8mm multi-celled polycarbonate. Light in weight, yet features a strong, cross sectional design.

Available in a range of colour options.

Mini-Orb Panel

Made from .6mm corrugated Colorbond® steel. A durable and strong material.

Available in a range of Colorbond® colour options.

Polycarbonate Panel

Solid sheet of polycarbonate material. A strong and durable option with a smooth finish.

Available in a range of colour options, including clear and tinted.

Aluminium Slats

1.4mm aluminium, uniquely manufactured with a total width of 8mm, adding to its strength of design.

Available in a range of powder coated colours and timber like colours.

Aluminium Frame

2mm aluminium, uniquely designed with a double-sided channel for superior quality and extra strength.

Available in a range of powder coated colours and timber like colours.

G+ Adaptable for extra convenience.

All Gliderol residential operators are G+ adaptable. G+ is a smart, innovative home access system from Gainsborough that allows you to control your home the way that suits your lifestyle.

With one discrete, simple G+ key, a click of a button can turn off your alarm and open or close your garage door.

The same G+ key can also unlock your door to give access into your home. G+ lessens the need to have a keyring full of keys and remotes; the G+ key is simply easier and more suited for today's busy lifestyle. The modern technology of Gainsborough's G+ Access System provides security and convenience both when arriving home and leaving.

The G+ Access System can be designed to suit the way you live; opening and closing your garage door, turning on and off the lights in your home, disarming the alarm, opening and closing your gates and much more.

For further information on the Gainsborough G+ Access System go to: www.mygplus.com.au

Make a style statement with a **Master Series** garage door.

Gliderol Guarantee

At Gliderol, we have been providing our valued customers with state of the art garage doors for 40 years. So you can be confident that when you purchase a Gliderol garage door, we care about the quality of our products just as much as you do.

Rest assured that your new Gliderol garage door will add strength, safety and style to your home.
